

APPA

Automatic Paper Pallet Assembly

For automatic paper pallet assembly in efficient, flexible and reliable way.

MACHINE DESCRIPTION

- automatic paper pallet assembly unit designed for online production together with Pallrun line or to be used as an independent machine
- feeding conveyors of top sheets and Flatboards
- automatic stacking of pallets
- special gluing systems for instant assembly
- one man operated (brings the components on pallets, empties the buffer of ready pallets)
- max 10 pallets/min (achieved with normal 1200x800 mm with Flatboards)
- flexible in sizes up to 1200x1200 mm
- 2- and 4-way pallets
- Internet connection to monitor the production and the status of the unit
- Operation panel
- PLC controlled

OPTIONS

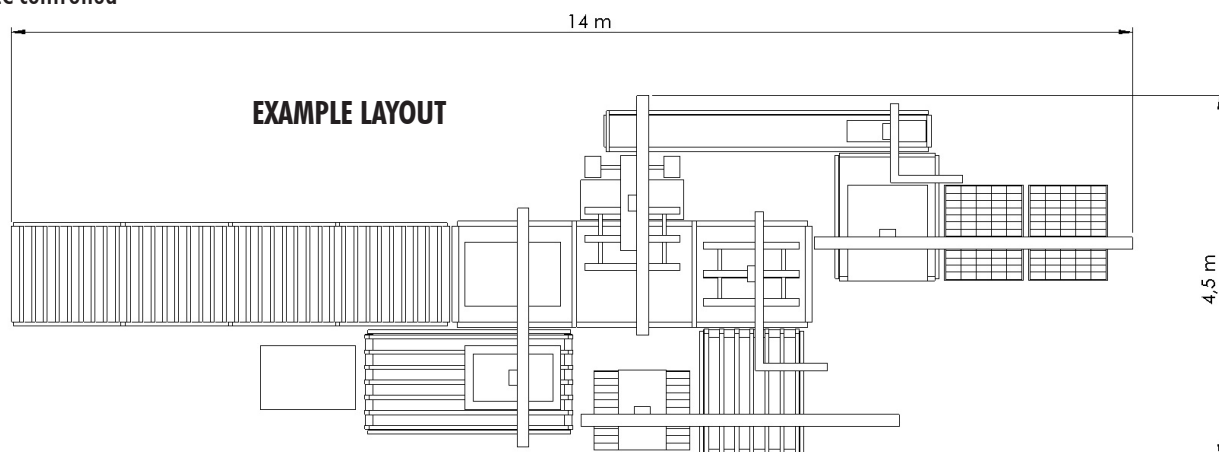

- extra module for Edgerunner production
- sandwich style stacking of ready pallets
- custom built for extra large pallets

TECHNICAL DATAS

Capacity: max. 10 pallets/min
automation level can be custom build for systems with smaller capacity

ELECTRICAL POWERS

Operating Voltage: 400 V, 50 Hz,
3 PH/N/PE
Control Voltage: 24 V DC
Total Connection: 15 KVA

ELTETE TPM LTD WORLDWIDE

Eltete TPM Engineering (as part of the Eltete TPM Group) is developing specific transport packaging materials, machinery and manufacturing technology for the transport packaging products that the Group itself manufactures. All machines, products and processes have been very well tested on the market, through the strong position of Eltete TPM Group as a global manufacturer and market leader in the transport packaging sector. Eltete TPM Engineering can offer its partners and customers a range of production concepts, machinery, manufacturing technologies and complete turnkey factory/manufacturing setups, specifically designed for Eltete TPM transport packaging materials and products.

Eltete TPM Group is a global group of companies, headquartered in Finland. Its main products are transport packaging materials (TPM) made of carton board, such as edgeboards, U-profiles, pallet runners and paper pallets. We are a global market leader in our main product sector, edgeboards. We convert more than 100,000 tonnes of paperboard every year, which goes into manufacturing our products. Today, we have a global operating structure, with local production in 14 countries, and sales to more than 60 countries. Please go to www.eltete.com for more information.
